- (2) caused by the employee's intention to bring about the injury or death of himself or of another; or
- (3) proximately caused by the intoxication of the injured employee.

(b) Disability or death from a war-risk hazard or during or as a result of capture, detention, or other restraint by a hostile force or individual, suffered by an employee who is employed outside the continental United States or in Alaska or in the areas and installations in the Republic of Panama made available to the United States pursuant to the Panama Canal Treaty of 1977 and related agreements (as described in section 3(a) of the Panama Canal Act of 1979), is deemed to have resulted from personal injury sustained while in the performance of his duty, whether or not the employee was engaged in the course of employment when the disability or disability resulting in death occurred or when he was taken by the hostile force or individual. be proximately caused by the employment of such employee, subject to the length of service requirements specified. The disability or death of such an employee to such a disease shall be presumed to result from personal injury sustained while in the performance of such employee's duty. Such presumptions may be rebutted by a preponderance of the evidence from the employing agency.

(2) Such presumptions apply only if the employee in fire protection activities is diagnosed with the disease for which presumption is sought within 10 years of the last active date of employment as an employee in fire protection activities.

(3) The following diseases shall be presumed to be proximately caused by the employment of the employee if the employee has been employed for a minimum of 5 years in aggregate as an employee in fire protection activities:

## **5 U.S.C. § 8415. Computation of Basic Annuity**

(a) Except as otherwise provided in this section, the annuity of an employee retiring under this subchapter is 1 percent of that individual’s average pay multiplied by such individual’s total service.

(b) The annuity of a Member, or former Member with title to a Member annuity, retiring under this subchapter is computed under subsection (a), except that if the individual has had at least 5 years of service as a Member or Congressional employee, or any combination thereof, so much of the annuity as is computed with respect to either such type of service (or a combination thereof), not exceeding a total of 20 years, shall be computed by multiplying  $1\frac{7}{10}$  percent of the individual’s average pay by the years of such service.

(c) The annuity of a Congressional employee, or former Congressional employee, retiring under this subchapter is computed under subsection (a), except that if the individual has had at least 5 years of service as a

Congressional employee or Member, or any combination thereof, so much of the annuity as is computed with respect to either such type of service (or a combination thereof), not exceeding a total of 20 years, shall be computed by multiplying  $1\frac{7}{10}$  percent of the individual’s average pay by the years of such service.

(d) Notwithstanding any other provision of law, the annuity of an individual described in subsection (b) or (c) who is a revised annuity employee or a further revised annuity

employee shall be computed in the same manner as in the case of an individual described in subsection (a).

(e) The annuity of an employee retiring under subsection (d)(1) or (e) of section 8412 or under subsection (a), (b), or (c) of section 8425 is—

(1)  $1\frac{7}{10}$  percent of that individual's average pay multiplied by so much of such individual's total service as does not exceed 20 years; plus

(2) 1 percent of that individual's average pay multiplied by so much of such individual's total service as exceeds 20 years.

(f) The annuity of an air traffic controller or former air traffic controller retiring under section 8412(a) is computed under subsection (a), except that if the individual has at least 5 years of service in any combination as—

(1) an air traffic controller as defined by section 2109(1)(A)(i);

(2) a first level supervisor of an air traffic controller as defined by section 2109(1)(A)(i); or

(3) a second level supervisor of an air traffic controller as defined by section 2109(1)(A)(i); so much of the annuity as is computed with respect to such type of service shall be computed by multiplying  $1\frac{7}{10}$  percent of the individual's average pay by the years of such service.

(g)

(1) In computing an annuity under this subchapter for an employee whose service includes service performed on a part-time basis—

(A) the average pay of the employee, to the extent that it includes pay for service performed in any position on a part-time basis, shall be determined by using the annual rate of basic pay that would be payable for full-time service in the position; and

(B) the benefit so computed shall then be multiplied by a fraction equal to the ratio which the employee's actual service, as determined by prorating the employee's total service to reflect the service that was performed on a part-time basis, bears to the total service that would be creditable for the employee if all of the service had been performed on a full-time basis.

(2) For the purpose of this subsection, employment on a part-time basis shall not be considered to include employment on a temporary or intermittent basis.

(h)

(1) The annuity of an employee or Member retiring under section 8412(g) or 8413(b) is computed in accordance with applicable provisions of this section, except that the annuity shall be reduced by five-twelfths of 1 percent for each full month by which the commencement date of the annuity precedes the sixty-second anniversary of the birth of the employee or Member.

(2)

(A) Paragraph (1) does not apply in the case of an employee or Member retiring under section 8412(g) or 8413(b) if the employee or Member would satisfy the age and service requirements for title to an annuity under section 8412(a), (b), ~~(d)(2)~~, (d)(1)(B), (e)(2), or (f)(2), determined as if the employee or Member had, as of the date of separation, attained the age specified in subparagraph (B).

(B) A determination under subparagraph (A) shall be based on how old the employee or Member will be as of the date on which the annuity under section 8412(g) or 8413(b) is to commence.

(i)

(1) In applying subsection (a) with respect to an employee under paragraph (2), the percentage applied under such subsection shall be 1.1 percent, rather than 1 percent.

(2) This subsection applies in the case of an employee who—

(A) retires entitled to an annuity under section 8412; and

(B) at the time of the separation on which entitlement to the annuity is based, is at least 62 years of age and has completed at least 20 years of service;

but does not apply in the case of a Congressional employee, military technician (dual status), law enforcement officer, member of the Supreme Court Police, firefighter, nuclear materials courier, air traffic controller, or customs and border protection officer.

(j) The annuity of a Member who has served in a position in the executive branch for which the rate of basic pay was reduced for the duration of the service of the Member in that position to remove the impediment to the appointment of the Member imposed by article I, section 6, clause 2 of the Constitution, shall, subject

to a deposit in the Fund as provided under section 8422(g), be computed as though the rate of basic pay which would otherwise have been in effect during that period of service had been in effect.

(k)

(1) For purposes of this subsection, the term “physicians comparability allowance” refers to an amount described in section 8331(3)(H).

(2) Except as otherwise provided in this subsection, no part of a physicians comparability allowance shall be treated as basic pay for purposes of any computation under this section unless, before the date of the separation on which entitlement to annuity is based, the separating individual has completed at least 15 years of service as a Government physician (whether performed before, on, or after the date of the enactment of this subsection).

(3) If the condition under paragraph (2) is met, then, any amounts received by the individual in the form of a physicians comparability allowance shall (for the purposes referred to in paragraph (2)) be treated as basic pay, but only to the extent that such amounts are attributable to service performed on or after the date of the enactment of this subsection, and only to the extent of the percentage allowable, which shall be determined as follows:

**If the total amount of service  
performed, on or after the date of**

**the enactment of this subsection,**

**as a Government physician is:**

Less than 2 years

At least 2 but less than 4 years

At least 4 but less than 6 years

At least 6 but less than 8 years

At least 8 years

**Then, the percent-**

**age allowable is:**

0

25

50

75

100.

(4) Notwithstanding any other provision of this subsection, 100 percent of all amounts received as a physicians comparability allowance shall, to the extent attributable to service performed on or after the date of the enactment of this subsection, be treated as basic pay (without regard to any of the preceding provisions of this subsection) for purposes of computing—

(A) an annuity under section 8452; and

(B) a survivor annuity under subchapter IV, if based on the service of an individual who dies before separating from service.

(l) The annuity of an employee retiring under this chapter with service credited under section 8411(b)(6) shall be reduced by the amount necessary to ensure that the present value of the annuity payable to the employee under this subchapter is actuarially equivalent to the present value of the annuity that would be payable to the employee under this subchapter if it were computed—

(1) on the basis of service that does not include service credited under section 8411(b)(6); and

(2) assuming the employee separated from service on the actual date of the separation of the employee. The amount of the reduction shall be computed under regulations prescribed by the Office of Personnel Management for the administration of this subsection.

(m)

(1) In computing an annuity under this subchapter, the total service of an employee who retires from the position of a registered nurse with the Veterans Health Administration on an immediate annuity, or dies while employed in that position leaving any survivor entitled to an annuity, includes the days of unused sick leave to the credit of that employee under a formal leave system, except that such days shall not be counted in determining average pay or annuity eligibility under this subchapter.

(2)

(A) Except as provided in paragraph (1), in computing an annuity under this subchapter, the total service of an employee who retires on an immediate annuity or who dies leaving a survivor or survivors entitled to annuity includes the applicable percentage of the days of unused sick leave to his credit under a formal leave system and for which days the employee has not received payment, except that these days will not be counted in determining average pay or annuity eligibility under this subchapter. For purposes of this subsection, in the case of any such employee who is excepted from subchapter I of chapter 63 under section 6301(2)(x) through (xiii), the days of unused sick leave to his credit include any unused sick leave standing to his credit when he was excepted from such subchapter.

(B) For purposes of subparagraph (A), the term “applicable percentage” means—

(i) 50 percent in the case of an annuity, entitlement to which is based on a death or other separation occurring during the period beginning on the date of enactment of this paragraph and ending on December 31, 2013; and

(ii) 100 percent in the case of an annuity, entitlement to which is based on a death or other separation occurring after December 31, 2013.

(n) In the case of any annuity computation under this section that includes, in the aggregate, at least 2 months of credit under section 8411(d) for any period while receiving benefits under subchapter I of chapter 81, the percentage otherwise applicable under this section for that period so credited shall be increased by 1 percentage point.

## **5 U.S.C. § 8421. Annuity supplement**

(a)(1) Subject to paragraph (3), an individual shall, if and while entitled to an annuity under subsection (a), (b), (d)(1), or (e) of section 8412, or under section 8414(c), also be entitled to an annuity supplement under this section.

(2) Subject to paragraph (3), an individual shall, if and while entitled to an annuity under section 8412(f), or under subsection (a) or (b) of section 8414, also be entitled to an annuity supplement under this section if such individual is at least the applicable minimum retirement age under section 8412(h).

(3)(A) An individual whose entitlement to an annuity under section 8412 or 8414 does not commence before age 62 is not entitled to an annuity supplement under this section.

(B) An individual entitled to an annuity supplement under this section ceases to be so entitled after the last day of the month preceding the first month for which such individual would, on proper application, be entitled to old-age insurance benefits under title II of the Social Security Act, but not later than the last day of the month in which such individual attains age 62.

(b)(1) The amount of the annuity supplement of an annuitant under this section for any month shall be equal to the product of—

(A) an amount determined under paragraph (2), multiplied by

(B) a fraction, as described in paragraph (3).

(2) The amount under this paragraph for an annuitant is an amount equal to the old-age insurance benefit which would be payable to such annuitant under title II of the Social Security Act (without regard to sections 203, 215(a)(7), and 215(d)(5) of such Act) upon attaining age 62 and filing application therefor, determined as if the annuitant had attained such age and filed application therefor, and were a fully insured individual (as defined in section 214(a) of such Act), on January 1 of the year in which such annuitant's entitlement to any payment under this section commences, except that the reduction of such old-age insurance benefit under section 202(q) of such Act shall be the maximum applicable for an individual born in the same year as the annuitant. In computing the primary insurance amount under section 215 of such Act for purposes of this paragraph, the number of elapsed years (referred to in section 215(b)(2)(B)(iii) of such Act and used to compute the number of benefit computation years) shall not include years beginning with the year in which such annuitant's entitlement to any payment under this section commences, and—

(A) only basic pay for service performed (if any) shall be taken into account in computing the total wages and self-employment income of the annuitant for a benefit computation year;

(B) for a benefit computation year which commences after the date of the separation with respect to which entitlement to the annuitant's annuity under this subchapter is based and before the date as of which such annuitant is treated, under the preceding sentence, to have attained age 62, the total wages and self-employment income of such annuitant for such year shall be deemed to be zero; and

(C) for a benefit computation year after age 21 which precedes the separation referred to in subparagraph (B), and during which the individual did not perform a full year of service, the total wages and self-employment income of such annuitant for such year shall be deemed to have been an amount equal to the product of—

(i) the average total wages of all workers for that year, multiplied by

(ii) a fraction—

(I) the numerator of which is the total basic pay of the individual for service performed in the first year thereafter in which such individual performed a full year of service; and

(II) the denominator of which is the average total wages of all workers for the year referred to in subclause (I).

(3) The fraction under this paragraph for any annuitant is a fraction—

(A) the numerator of which is the annuitant's total years of service (rounding a fraction to the nearest whole number, with 1/2 being rounded to the next higher number), not to exceed the number under subparagraph (B); and

(B) the denominator of which is 40.

(4) For the purpose of this subsection—

(A) the term “benefit computation year” has the meaning provided in section 215(b)(2)(B)(i) of the Social Security Act;

(B) the term “average total wages of all workers”, for a year, means the average of the total wages, as defined and computed under section 215(b)(3)(A)(ii)(I) of the Social Security Act for such year; and

(C) the term “service” does not include military service.

(c) An amount under this section shall, for purposes of section 8467, be treated in the same way as an amount computed under section 8415.

## **5 U.S.C. § 8421a. Reductions on account of earnings from work performed while entitled to an annuity supplement**

(a) The amount of the annuity supplement to which an individual is entitled under section 8421 for any month (determined without regard to subsection (c) of such section) shall be reduced by the amount of any excess earnings of such individual which are required to be charged to such supplement for such month, as determined under subsection (b).

(b) The amount of an individual's excess earnings shall be charged to months as follows:

(1)(A) There shall be charged to each month of a year under subsection (a) an amount equal to the individual's excess earnings (as determined under paragraph (2) with respect to such year), divided by the number of the individual's supplement entitlement months for such year (as determined under paragraph (3)).

(B) Notwithstanding subparagraph (A), the amount charged to a month under subsection (a) may not exceed the amount of the annuity supplement to which the individual is entitled under section 8421 for such month (determined without regard to subsection (c) of such section).

(2) The excess earnings based on which reductions under subsection (a) shall be made with respect to an individual in a year—

(A) shall be equal to 50 percent of so much of such individual's earnings for the immediately preceding year as exceeds the applicable exempt amount for such preceding year; but

(B) may not exceed the total amount of the annuity supplement payments to which such individual was entitled for such preceding year under section 8421 (determined without regard to subsection (c) of such section, and without regard to this section).

(3)(A) Subject to subparagraph (B), the number of an individual's supplement entitlement months for a year shall be 12.

(B) The number determined under subparagraph (A) shall be reduced so as not to include any month after which such individual ceases to be entitled to an annuity supplement by reason of section 8421(a)(3)(B), relating to cessation of entitlement upon attaining age 62.

(4)(A) For purposes of this section, and except as provided in subparagraph (B), the “earnings” and the “applicable exempt amount” of an individual shall be determined in a manner consistent with applicable provisions of section 203 of the Social Security Act.

(B) For purposes of this section—

(i) in determining the excess earnings of any individual, only earnings attributable to periods during which such individual was entitled to an annuity supplement under section 8421 shall be considered; and

(ii) any earnings attributable to a period before attaining the applicable retirement age under section 8412(h) shall not be considered in determining the excess earnings of an individual who retires under section 8412(d)(1) or (e), or section 8414(c).

(5) Notwithstanding paragraphs (1) through (4), the reduction required by subsection (a) shall be effective with respect to the annuity supplement payable for each month in the 12-month period beginning on the first day of the seventh month after the end of the calendar year in which the excess earnings were earned.

(c) The Office shall prescribe regulations under which this section shall be applied in the case of a reemployed annuitant.

## **5 U.S.C. § 8423. Government contributions**

(a)(1) Each employing agency having any employees or Members subject to section 8422(a) shall contribute to the Fund an amount equal to the sum of—

(A) the product of—

(i) the normal-cost percentage, as determined for employees (other than employees covered by subparagraph (B)), multiplied by

(ii) the aggregate amount of basic pay payable by the agency, for the period involved, to employees (under clause (i)) who are within such agency; and

(B) the product of—

(i) the normal-cost percentage, as determined for Members, Congressional employees, law enforcement officers, members of the Supreme Court Police, firefighters, Federal wildland firefighter (as that term is defined in section 1 of the Tim Hart Wildland Firefighter Classification and Pay Parity Act), nuclear materials couriers, customs and border protection officers, air traffic controllers, military reserve technicians, and employees under sections 302 and 303 of the Central Intelligence Agency Retirement Act, multiplied by

(ii) the aggregate amount of basic pay payable by the agency, for the period involved, to employees and Members (under clause (i)) who are within such agency.

(2) In determining any normal-cost percentage to be applied under this subsection, amounts provided for under section 8422 shall be taken into account.

(3) Contributions under this subsection shall be paid—

(A) in the case of law enforcement officers, members of the Supreme Court Police, firefighters, nuclear materials couriers, customs and border protection officers, air traffic controllers, military reserve technicians, and other employees, from the appropriation or fund used to pay such law enforcement officers, members of the Supreme Court Police, firefighters, nuclear materials couriers, customs and border protection officers, air traffic controllers, military reserve technicians, or other employees, respectively;

(B) in the case of elected officials, from an appropriation or fund available for payment of other salaries of the same office or establishment; and

(C) in the case of employees of the legislative branch paid by the Chief Administrative Officer of the House of Representatives, from the applicable accounts of the House of Representatives.

(4) A contribution to the Fund under this subsection shall be deposited under such procedures as the Comptroller General of the United States may prescribe.

(b)(1) The Office shall compute—

(A) the amount of the supplemental liability of the Fund with respect to individuals other than those to whom subparagraph (B) relates, and

(B) the amount of the supplemental liability of the Fund with respect to current or former employees of the United States Postal Service (and the Postal Regulatory Commission) and their survivors;

as of the close of each fiscal year beginning after September 30, 1987.

(2) The amount of any supplemental liability computed under paragraph (1)(A) or (1)(B) shall be amortized in 30 equal annual installments, with interest computed at the rate used in the most recent valuation of the System.

(3) At the end of each fiscal year, the Office shall notify—

(A) the Secretary of the Treasury of the amount of the installment computed under this subsection for such year with respect to individuals under paragraph (1)(A); and

(B) the Postmaster General of the United States of the amount of the installment computed under this subsection for such year with respect to individuals under paragraph (1)(B).

(4)(A) Before closing the accounts for a fiscal year, the Secretary of the Treasury shall credit to the Fund, as a Government contribution, out of any money in the Treasury of the United States not otherwise appropriated, the amount under paragraph (3)(A) for such year.

(B) Upon receiving notification under paragraph (3)(B), the United States Postal Service shall pay the amount specified in such notification to the Fund.

(5) For the purpose of carrying out paragraph (1) with respect to any fiscal year, the Office may—

(A) require the Board of Actuaries of the Civil Service Retirement System to make actuarial determinations and valuations, make recommendations, and maintain records in the same manner as provided in section 8347(f); and

(B) use the latest actuarial determinations and valuations made by such Board of Actuaries.

(c) Under regulations prescribed by the Office, the head of an agency may request reconsideration of any amount determined to be payable with respect to such agency under subsection (a) or (b). Any such request shall be referred to the Board of Actuaries of the Civil Service Retirement System. The Board of Actuaries shall review the computations of the Office and may make any adjustment with respect to any such amount which the Board determines appropriate. A determination by the Board of Actuaries under this subsection shall be final.

## **5 U.S.C. § 8425. Mandatory separation**

(a) An air traffic controller who is otherwise eligible for immediate retirement under section 8412(e) shall be separated from the service on the last day of the month in which that air traffic controller becomes 56 years of age or completes 20 years of

service if then over that age. The Secretary, under such regulations as the Secretary may prescribe, may exempt a controller having exceptional skills and experience as a controller from the automatic separation provisions of this subsection until that controller becomes 61 years of age. The Secretary shall notify the controller in writing of the date of separation at least 60 days before that date. Action to separate the controller is not effective, without the consent of the controller, until the last day of the month in which the 60-day notice expires. For purposes of this subsection, the term “air traffic controller” or “controller” has the meaning given to it under section 8401(35)(A).

(b)(1) A law enforcement officer, firefighter, nuclear materials courier, or customs and border protection officer who is otherwise eligible for immediate retirement under section 8412(d)(1) shall be separated from the service on the last day of the month in which that law enforcement officer, firefighter, nuclear materials courier, or customs and border protection officer <sup>1</sup> as the case may be, becomes 57 years of age or completes 20 years of service if then over that age. If the head of the agency judges that the public interest so requires, that agency head may exempt such an employee from automatic separation under this subsection until that employee becomes 60 years of age. The employing office shall notify the employee in writing of the date of separation at least 60 days before that date. Action to separate the employee is not effective, without the consent of the employee, until the last day of the month in which the 60-day notice expires.

(2) In the case of employees of the Federal Bureau of Investigation, the second sentence of paragraph (1) shall be applied by substituting “65 years of age” for “60 years of age”. The authority to grant exemptions in accordance with the preceding sentence shall cease to be available after December 31, 2011.

(c) A member of the Capitol Police who is otherwise eligible for immediate retirement under section 8412(d)(1) shall be separated from the service on the last day of the month in which such member becomes 57 years of age or completes 20 years of service if then over that age. The Capitol Police Board, when in its judgment the public interest so requires, may exempt such a member from automatic separation under this subsection until that member becomes 60 years of age. The Board shall notify the member in writing of the date of separation at least 60 days before that date. Action to separate the member is not effective, without the consent of the member, until the last day of the month in which the 60-day notice expires.

(d) A member of the Supreme Court Police who is otherwise eligible for immediate retirement under section 8412(d)(1) shall be separated from the service on the last day of the month in which such member becomes 57 years of age or completes 20 years of service if then over that age. The Marshal of the Supreme Court of the United States, when in his judgment the public interest so requires, may exempt such a member from automatic separation under this subsection until that member becomes 60 years of age. The Marshal shall notify the member in writing of the date of separation at least

60 days before the date. Action to separate the member is not effective, without the consent of the member, until the last day of the month in which the 60-day notice expires.

(e) The President, by Executive order, may exempt an employee (other than a member of the Capitol Police or Supreme Court Police) from automatic separation under this section if the President determines the public interest so requires.

## **5 U.S.C. § 8462. Cost-of-living adjustments**

(a) For the purpose of this section—

(1) the term “base quarter”, as used with respect to a year, means the calendar quarter ending on September 30 of such year;

(2) the price index for a base quarter is the arithmetical mean of such index for the 3 months comprising such quarter; and

(3) the term “percent change in the price index”, as used with respect to a year, means the percentage derived by—

(A) reducing—

(i) the price index for the base quarter of such year, by

(ii) the price index for the base quarter of the preceding year in which an adjustment under this subsection was made;

(B) dividing the difference under subparagraph (A) by the price index referred to in subparagraph (A)(ii); and

(C) multiplying the quotient under subparagraph (B) by 100.

(b)(1) Except as provided in subsection (c), effective December 1 of any year in which an adjustment under this subsection is to be made, as determined under paragraph (2), each annuity payable from the Fund under this chapter (other than an annuity under section 8443) having a commencing date not later than such December 1 shall be adjusted as follows:

(A) If the percent change in the price index for the year does not exceed 3 percent, each annuity subject to adjustment under this subsection shall be increased by the lesser of—

(i) the percent change in the price index (rounded to the nearest one-tenth of 1 percent); or

(ii) 2 percent.

(B) If the percent change in the price index for the year exceeds 3 percent, each annuity subject to adjustment under this subsection shall be increased by the excess of—

(i) the percent change in the price index (rounded to the nearest one-tenth of 1 percent), over

(ii) 1 percent.

(2) An adjustment under this subsection shall be made in a year only if the price index for the base quarter of such year exceeds the price index for the base quarter of the preceding year in which an adjustment under this subsection was made.

(3) An annuity under this chapter shall not be subject to adjustment under section 8340. Nothing in the preceding sentence shall affect the computation of any amount under section 8443(a)(2).

(c) Eligibility for an annuity increase under this section is governed by the commencing date of each annuity payable from the Fund as of the effective date of an increase, except as follows:

(1) The first increase (if any) made under subsection (b) to an annuity which is payable from the Fund to an annuitant or survivor (other than a child under section 8443) whose annuity has not been increased under this subsection or subsection (b) shall be equal to the product (adjusted to the nearest one-tenth of 1 percent) of—

(A) one-twelfth of the applicable percent change computed under subsection (b), multiplied by

(B) the number of months (not to exceed 12 months, counting any portion of a month as a month)—

(i) for which the annuity was payable from the Fund before the effective date of the increase; or

(ii) in the case of a survivor of a deceased annuitant whose annuity has not been so increased, since the annuity was first payable to the deceased annuitant.

(2) Effective from its commencing date, an annuity payable from the Fund to an annuitant's survivor (other than a widow or widower whose annuity is computed under section 8442(g) or a child under section 8443) shall be increased by the total percentage by which the deceased annuitant's annuity had been increased under this section during the period beginning on the date the deceased annuitant's annuity commenced and ending on the date of the deceased annuitant's death.

(3)(A) An adjustment under subsection (b) for any year shall not be effective with respect to the annuity of an annuitant who is under 62 years of age as of the date on which such adjustment would otherwise first take effect.

(B)(i) Except as provided in clause (ii), this paragraph applies only with respect to an annuitant under section 8412, 8413, or 8414.

(ii) This paragraph does not apply with respect to an annuitant under subsection (d)(1) or (e) of section 8412 or (in the case of an annuitant separated from service as a military reserve technician as a result of disability) under section 8414(c).

(4) The first increase (if any) made under subsection (b) to an annuity which is payable from the Fund to a widow or widower whose annuity is computed under section 8442(g) shall be equal to the product (adjusted to the nearest one-tenth of 1 percent) of—

(A) one-twelfth of the applicable percent change computed under subsection (b), multiplied by

(B) the number of months (not to exceed 12 months, counting any portion of a month as a month) since—

(i) the effective date of the adjustment last made under this section in the annuity of the annuitant on whose service on the widow's or widower's annuity is based; or

(ii) if the annuity of the annuitant (referred to in clause (i)) has not been increased under this section, the commencement date of such annuitant's annuity (determined subject to section 8452(a)(1)(B)).

(d) The monthly installment of an annuity after adjustment under this section shall be rounded to the next lowest dollar. However, the monthly installment shall, after adjustment, reflect an increase of at least \$1.

(e) The \$15,000 amount referred to in section 8442(b)(1)(A)(ii) shall be increased at the same time that, and by the same percent as the percentage by which, annuities under subchapter III of chapter 83 are increased.
